

CLASS OF 1973

Dedicated to the ones we love.

Head of School: Mr. Robert B Gaw

The Class of '73 will always stand out in our minds, but it is the beginning of an end ... the end of working on the lounge, a trip to India, and anticipation. Uncertainty awaits us in the future as we prepare to face the world. Although we realize that our high school days are over we will always remember the multitude of memories left behind...
